

It appears that the plural form of the polymers/oligomers recited in claim 31 should instead be singular.

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 31,11-13,15-18,22 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claims 11-13,15-17,22 are indefinite as they depend from cancelled claim 26.

In claim 31, line 5, "said polymeric/oligomers" lack(s) proper antecedent basis in the claim(s). It appears that – said polymers/oligomers — was intended.

Applicant's arguments filed January 9, 2008 have been fully considered.
